

UK-BASED SPECIALISTS IN
WORLDWIDE PHARMACEUTICAL
DISTRIBUTION & WHOLESALE

WELCOME

Genetech is leading the way in Pharmaceutical and Healthcare supply throughout the world. Our exclusive pharmaceutical partners are experts in manufacturing, sourcing and distribution. Together we are committed to delivering essential and life-changing medicines to patients in need across all four corners of the globe.

We partner with some of the best Pharmaceutical Experts, Manufacturers & Distributors in not only the UK but also from around the world. Having integrated and committed business relationships help us deliver medicines to the patients faster utilising our huge channel of distribution.

With our established relationships with our suppliers alongside our pharmaceutical experience and knowledge we are able to offer a diverse set of services.

Our exclusive pharmaceutical partners are experts in manufacturing, sourcing and distribution. Together we are committed to delivering essential and life-changing medicines to patients in need across all four corners of the globe.

OUR CLIENTS INCLUDE:

Charities & Humanitarian Aid suppliers

Clinical Trial Suppliers

MOH's

NGO's

Pharmaceutical Wholesalers worldwide

Private & Government Hospital

Private Clinics

Retail Pharmacies

OUR SERVICES

PHARMACEUTICAL EXPORTS

Specialising in sourcing and supply to healthcare professionals outside of the UK, our pharmaceutical exports division works around the clock to deliver a turn-key solution to clients in need. We can also arrange for the relevant documentations required for registrations in overseas countries and advise on the best transport options.

STORAGE & DISTRIBUTION

With purpose designed temperature regulated storage, streamlined processes and a specialised management system, we're able to offer our clients a controlled and efficient facility to all. We're able to distribute products to every corner of the world thanks to our extensive logistic capabilities. This can be next day, nationwide or whatever you wish.

MANUFACTURER DISTRIBUTION SERVICE MODEL

Our effective distribution network has well-developed distribution channels that contribute to our company's performance. With over 20 years of experience in the export of pharmaceuticals and healthcare products, we're able to ship via air freight, road freight or sea freight depending on your needs.

CLINICAL TRIALS SUPPLY

Delivering clinical trial solutions throughout the world, Genetech are delighted to offer a wide range of packaging and labelling services to clients. Fully licenced and adhering to all laws, regulations and guidelines, our specialist packaging team helps to drive costs down at every step of the way.

UK WHOLESALE

We have a strong customer and supplier network across the UK and believe the only way this is possible is through the valued relationships we hold and continue to strengthen. For complete flexibility, we're able to source cost-effective products from across our trusted network of suppliers. This enables us to gain prompt access to a range of products.

OUR FULL RANGE OF PHARMACEUTICAL SERVICES

Our service speaks volumes and our clients continue to order regularly knowing there consignments will all be handled professionally with care and dedication.

Our MHRA approved ambient and cold storage facilities enable us to source, handle and distribute ambient and cold chain pharmaceuticals anywhere in the world.

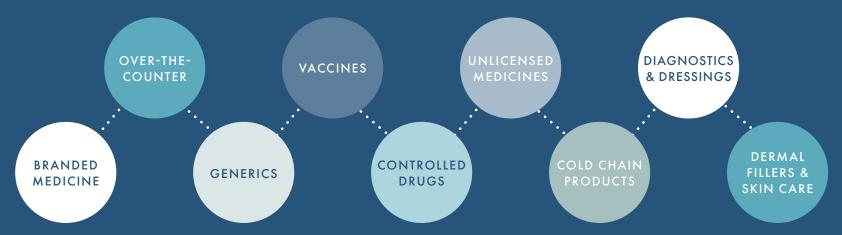

The service we provide is high quality and you can rest assured that everything from customs clearance to data loggers and packaging will be taken care of for you.

Our clients include, MOH's, NGO's, Pharmaceutical Wholesalers, Government Organisations, Clinical Trial Suppliers, Private Hospitals and Charities.

Genetech is working directly with specialist manufacturers in the UK and overseas to exclusively distribute their pharmaceutical products direct to our clients. We ensure the most competitive pricing is offered and your quotations are sent back to you as quickly as possible.

Genetech can also ensure that all the logistics are taken care of and we only use GDP compliant freight agents.

WE CAN OFFER THE FULL RANGE OF MEDICINE TO MEET YOUR REQUIREMENTS

OUR PRODUCTS

The Genetech team has a proven track record of sourcing and supplying high-quality medicines from within our validated and ethical network. Genetech can source a wide range of first-class products from the UK and outside, this is just some of the highly sort after medicine Genetech can provide.
